

PALESTINE

Project No: 2018-PSETRADE-578

Project Title: Introduction of Palestinian Export Products to Selected OIC countries

Project Owner Country: Palestine

Project Owner Institution: Ministry of National Economy

Cooperation Area: Trade

Partner Countries: Algeria and Indonesia

Project Purpose: Project aims at eliminating tariff and non-tariff barriers (one of the core objectives of the COMCEC Strategy in the field of trade) which directly leads to facilitate the movement of goods against Palestinian export products by changing any negative image on Palestinian exports. The project also intends to promote Palestinian export capabilities and develop a detailed plan of action jointly with project counterparts to be implemented in the coming years.

Project Activities:

- Two Study Visit to Algeria and Indonesia to promote Palestinian export products as well as developing a detailed plan of action jointly with project counterparts with a view to boost trade
