

TURKEY

Project No: 2018-TURPOVER-586

Project Title: Developing Guidelines on Social Safety Net Systems for the OIC Countries

Project Owner: Ministry of Family, Labor and Social Services

Project Partners: Indonesia, Senegal, Tunisia, Iran and The Gambia

Cooperation Area: Poverty Alleviation

Implementation Year: 2019

Project Purpose: Promoting the establishment of management information systems for Social Safety Net (SSN) programmes and expanding the coverage of the existing ones in the member countries are among the policy recommendations of the COMCEC Poverty Alleviation Working Group Meetings. In line with these, Turkey's project aims at increasing the human and institutional capacity of the OIC countries in the SSN systems.

Project Activities:

- Training on the role of information technologies for providing efficient, transparent and accountable SSN services
- Workshop for analyzing the different country models of SSN systems and providing adaptable and applicable SSN guidelines for the OIC countries
