

SURINAME

Project No: 2019-SURAGRIC-791

Project Title: Capacity Building on Irrigation Systems in Vegetable Crops

Project Owner: Ministry of Agriculture, Animal Husbandry and Fisheries

Project Partners: Indonesia and Turkey

Cooperation Area: Agriculture

Implementation Year: 2020

Project Purpose: "Increasing the Resilience of the Food Systems in the OIC Member Countries in Face of Future Food Crises" is the theme of Ministerial Exchange of Views Session of COMCEC 35th Ministerial Session. In line with this theme, the project aims to contribute to ensuring food security and food safety for the populations in the project partner countries by increasing capacity of the stakeholder on water management.

Project Activities:

- Training program on irrigation systems for vegetable crops in open field
