

SESRIC

Project No: 2021-SESRIC-964

Project Title: Fostering Information Technology (IT) Solutions to Improve the Effectiveness of Public Employment Services (PES) in the OIC Member Countries

Project Owner: SESRIC

Project Partners: Benin, Cameroon, Chad, Gabon, Gambia, Indonesia, Iraq, Jordan, Kuwait, Malaysia, Pakistan, Palestine, Senegal, Sudan and Türkiye

Cooperation Area: Poverty Alleviation

Implementation Year: 2022

Project Purpose:

The main objective of the project is to share best practices and tools for high-level IT involvement in PES systems and to increase the capacities of the staff working in relevant areas of PES through conducting a capacity building training course and a workshop on the topic.

Project Activities:

- Online workshop with the representatives of PES Institutions to share experiences and best practices on this subject and identify capacity-building needs through conducting a training needs assessment.
- Online training on activation measures/programmes, job creation systems, job search support, matching systems, vocational and skill training; IT systems, artificial intelligence in PES.
